THURSDAY, JULY 1st, 1926

No. 26

For Limburger Cheese **The Hub** Palm Olive 3 for 25c

Fruit. Fruit. Fruit.

This is the time for Fruit.--Raspberries will be at their peak this coming week. Don't Delay. Good berries that are nice and dry, and well colored, are worth more at any time than later berries that are not so firm--maybe wet and soft. The better berries preserve nicer, hold their shape and taste better. It pays to buy the good fruit at the right time.

Besides the Rasps we will have other fruit in season--

Cherries. Apricots. Loganberries. Gooseberries. Black Currants. Red Currants.

We will be glad to look after your fruit orders.

Oranges and Lemons. Hot House Tomatoes Bananas.

FARMERS!

We Want Your EGGS.

We have Poultry Crates for those shipping poultry.

Didsbury Public School.

Examination Results.

GRADE VI

The following is the standing of the Grade VI pupils, Didsbury Public School for the school year 1925-1926.

Honors 80%--Dorothy Huget, Velma Traub*.

"A" 70%--Gertrude Roper, Freda Moon, Alfred Durrer, Kathleen Pitt, Thomas Clarke, Jack Morton, Margaret Gager, Gordon Boettger*, Tom Royds*, Verdine Mjolsness, Ivy Honeysett.

"B" under 70%--Louise Walder, Francis Durrer, Ilien Durrer, Lynn Hunsperger, Clara Burkholder, Gertrude Reichmann*, Herbert Booker, Reta Herber, Mary Rempel*, Leonard Berscht, Mary Walder, Hazel Hall*, Willis Kluth*, Donald Hardy*, Herbert Sinclair*, Celina Dedels*.

The standing was determined by four half term examinations, 40%, and a final examination 60%. No credits have been given where tests were missed, but an asterisk * is placed after the names of those who were absent when examinations were held immediately preceding tests were unable to gain as high marks as their other results would warrant.

GRADE III TO GRADE IV

With Honors--*Lorna Clarke, *Jean Lowrie, George Royds, Maisie Sinclair, Willard Franklin, Ronald Brightman, Pass--Merlin Nelson, Vera Matheson, Kiffer Stauffer, Jean Gilchrist.

Promoted--Adeline Mjolsness.

GRADE II TO GRADE III

With Honors--Doris Malmas, *Irene Bellamy, *Eddie Carleton, Willie Cummins, Agnes Rempel, *Arthur Evans, *Richard Walder, Pass--Alice Violette, Irene Kercher, Jack Booker, Warren Matheson, Lorraine Durrer.

Promoted--Gordon Dedels, Mary Newton.

Names marked with asterisk * are equal in standing.

V. H. Sexsmith, teacher.

GRADE I TO GRADE II

Honors--Frances Mjolsness and Walden Miller, 1; Bruce Clarke and Evelyn McGhee, 2; Ellen Sanders, 3; Neil Lamont, 4.

Georgia Keith and Jean Keith, 5; Clarence Cunningham, 6; Dorothy Dippel, 7; Hope Roppel, 8; Raymond Bellamy and Orrie Franklin, 9; Marjorie Miller and Harold Malmas, 10; Clarence Mjolsness, 11; Betty Cummins, 12; Ethel Violette and Orpha Gabel, 13; Riley Moon and Jim Sinclair, 14; Tommy Lamont, 15; Donald Lamont, 16; Laurence Gabel, 17; Gordon Cressman, 18; Donald Clark, 19.

Olive C. Stock, teacher.

July Ushers in Penny Postage.

Preparatory to the return of the two-cent postage system on Dominion day, July 1, the Calgary post office has already received an adequate supply of stamps for use not only in the city but for distribution throughout the province, in the eastern section of British Columbia and in western Saskatchewan, Harold Hargreaves, postmaster, announced last night. The three-cent rate has been in effect and post office authorities are being flooded with inquiries regarding the revised rates. According to the new system,

KYANIZE

IS HIGH-GRADE.

Kyanize Sanitary Floor Enamel.

A new and different coating for old floors that is washable sanitary, and exceedingly tough and durable. Will not crack, peel or chip.

Kyanize Floor Finish.

One gallon of this will cover 400 square feet two coats when properly applied.

Kyanize Celoid Finish.

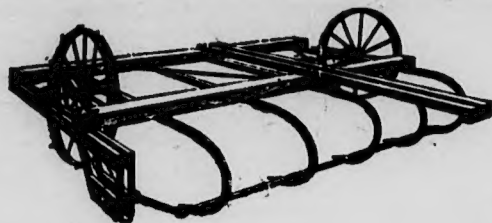

Here is a product that fulfills completely the demand for a durable, lustrous and washable semi-gloss enamel finish for Walls, Furniture and Woodwork.

PROVINCIAL EXHIBITS.

Something unique in the way of educational work is being undertaken this year at the Calgary Exhibition and Stampede, and the Edmonton Exhibition by the Provincial Department of Agriculture.

This is a special automatic exhibit depicting losses on livestock due to bruising incidental to loading and shipping, and the provincial department is putting on the exhibit, in co-operation with the university, with packers, producers and others interested, in an effort to minimize the losses thus created, the extent of which is probably not realized by a large proportion of those handling livestock.

The exhibit consists of an automatic motion picture and slide machine. The motion pictures show the proper method of loading and shipping livestock, with emphasis on swine. These motion pictures have been specially made right in Alberta, and will be an attraction in themselves. The slides, on another part of the machine, show figures, compiled by one of the packing houses in Alberta, depicting the loss on livestock due to bruising. These figures will be a startling revelation to those who see them.

It will be well worth the while of every farmer and livestock man to visit the exhibit and study it. In co-operation with other Class "A" fairs in the west.

Agricultural Wealth Of The Prairies

In this year when the twin Provinces of Alberta and Saskatchewan will celebrate their coming of age as autonomous units in the Canadian Confederation, it is not only interesting but appropriate to note the truly amazing progress made by Western Canada in a space of time so brief as to be considered but a passing moment in the life of a nation. When the West was first opened to settlement with the advent of the C.P.R., predictions were made that a great future awaited it, and these were renewed when twenty-one years ago the Old North West Territories passed and the Provinces of Saskatchewan and Alberta came into being. But even the most optimistic could hardly foresee such growth as has actually been recorded.

Twenty-one years ago Manitoba had a population of about 300,000, and in creating the two new Provinces they were each credited with an estimated population of 250,000. As a matter of fact the census the following year disclosed a much smaller figure. Compared with less than 700,000 population in the three prairie provinces in 1905, it is confidently predicted that this year's census will show a population of approximately two and one-half millions.

According to a recent estimate by the Dominion Bureau of Statistics, the gross agricultural wealth of Canada in 1925 was \$7,832,942,000, almost one-half of which was credited to Manitoba, Saskatchewan and Alberta. Although the youngest of all the provinces Saskatchewan occupies second place in gross agricultural wealth, being exceeded by Ontario only, while Alberta and Manitoba occupy fourth and fifth places respectively. The gross agricultural wealth of Saskatchewan last year is placed at \$1,826,833,000, Alberta at \$1,092,187,000, and Manitoba at \$696,495,000. These are remarkable figures for such a young country, still in the initial stage of its development.

In annual agricultural revenue the strong position held by Western Canada is even more strikingly indicated. In land values and value of farm buildings the older and more populous provinces of Ontario and Quebec naturally outrank the West, but in the annual value of agricultural production the Western Provinces take a high place. The total agricultural revenue of Canada in 1925 is placed at \$1,708,567,000, of which the three prairie provinces produced \$803,730,000, Saskatchewan being credited with \$416,022,000, or only \$61,000,000 less than Ontario; Alberta with \$245,662,000 and Manitoba \$142,046,000.

In field crops, Saskatchewan comes first with Ontario second, Alberta third and Manitoba fourth. Ontario and Quebec lead in farm animals with Alberta third. In poultry and eggs Ontario and Quebec also lead, with Saskatchewan third. Alberta is fourth in the production of wool, while Manitoba occupies third place in the production of honey. The Western Provinces are out of the running in the production of fruits and vegetables, leadership in these lines belonging to Ontario followed by British Columbia, Quebec and Nova Scotia in the order named.

Considering the fact that the new twin provinces of the West were not quite nine years old when the Great War broke, and the unsettled and difficult years which have since intervened, the progress of the West must be regarded as altogether remarkable. It speaks volumes for the capacity of the country itself and the capabilities and energies of the people, while giving promise of a growth, development and prosperity within the next decade or two unsurpassed in all the past history of the Dominion.

There has been a consistent rise in agricultural revenue since 1921 following the unprecedented high war prices of 1918, 1919 and 1920. Equally gratifying is the definite tendency towards a greater diversity of crops. No longer is it possible to sum up Canadian agricultural revenue under the two headings of field crops and livestock. Dairy products, poultry and eggs, honey, fur farming and other pursuits now represent a respectable sum in the total of the Dominion's annual production of wealth.

One year hence Canadians will celebrate the diamond jubilee of Confederation. The Dominion is moving forward to observance of that anniversary with ever increasing confidence and pride in the country, under conditions of expanding trade, increased development of natural resources, greater industrial activity, marked advances in production along many lines, and particularly in agriculture and allied pursuits, a growing population, and increased financial power and general prosperity.

The Western Provinces are only just beginning to make their contribution to the growth and prosperity of the Dominion. No section of the Dominion will have a greater contribution to make in the years immediately ahead, and not in material things alone will that contribution be made, but in leadership in all things which make a people truly great, in statesmanship, in the arts and sciences, in the world of religion and social service. The record of the past two decades is but the promise of the future.

Ancients Had Their Sugar

Cultivation of sugar cane is among the extremely old agricultural pursuits, for it is reported that in India, before the Christian Era, soldiers of Alexander the Great brought back the "honey-bearing reed" from the banks of the Indus.—Detroit News.

Stiff Joints

and sore muscles are quickly relieved by a few applications of Minard's.

W. N. U. 1635

Brother Had a Handicap

"Why do you always insist upon having the largest piece of pie, Harry?" asked the mother reprovingly. "Isn't your big brother entitled to it?" "No'm," said Harry; "he was eating pie three years before I was born."

Minard's Liniment for Burns

Better C.N.R. Earnings
The gross earnings of the Canadian National Railways for the week ended June 7, 1926, were \$5,048,869, as compared with \$4,929,141 over the same week of 1925, an increase of \$1,019,719, or 25 per cent.

Horses in England are decreasing in number at a rate of nearly 70,000 a year.

"So the shark took your leg?"
"Yes, but I wanted a new one, anyhow, the old one being too short."

Industrial Research

National Council of Women Advocate Retention of Trained Men and Women

A report prepared by Mrs. Ora Mackay, of Montreal, for the committee on immigration and colonization, was read by Mrs. Charles Thorburn at the National Council of Women conference held at Vancouver. The report pointed out that statistics showed that the universities of British Columbia, Saskatchewan, Alberta, Quebec and Dalhousie alone have contributed a total of 1,108 trained graduates to the United States in less than ten years.

It was resolved that the National Council of Women endorse the proposed legislation as taken from the speech from the throne, regarding the matter of an industrial research organization, and to petition the government to subsidize the said organization for a period of years with the view of retaining the trained technical men and women to build up the nation.

Swollen Joints, Quickly Limbered Up

Rub On Nerviline

You would be surprised at the wonderful action of "Nerviline" in just such cases. Being thin and not an oil preparation, it is able to penetrate quickly, and down it sinks into the tissues, carrying its healing, soothing action wherever it goes. For stopping muscular or nerve pain, for easing a stiff joint, Nerviline is a complete success. Pain, soreness, stiffness all vanish before the magic power of this wonderful liniment. Nearly fifty years of success proves the merit of Nerviline, which is sold everywhere in large 25 cent bottles.

The Decline In Democracy

Representative Government Would Appear To Be In Serious Danger

It is becoming more and more evident that representative government is in very serious danger. It has been destroyed to all intents and purposes in Italy, in Spain, in Russia and in Greece; both in France and Germany its future cannot be regarded entirely confidently; and even in this country and the United States anti-democratic forces have manifestly increased and multiplied since the war.—London Daily News.

Wise and experienced mothers know when their children are troubled with worms and lose no time in applying Miller's Worm Powders, a most effective vermifuge. It is absolute in clearing the system of worms and restoring those healthy conditions without which there can be no comfort for the child, or hope of robust growth. It is a most trustworthy worm exterminator.

Grafts On Eyes

Sight has been restored or created in certain animals by the grafting of eyes, according to a recent experiment by Prof. E. Guyenet, of the University of Geneva. The subjects were tritons, a species of aquatic salamander. Out of 84 cases, three successes were reported.

Time has Tested it.—Dr. Thomas' Electric Oil has been on the market upwards of fifty years and in that time it has proved a blessing to thousands. It is in high favor throughout Canada and its excellence has carried its fame beyond the seas. If it were double the price it would be a cheap liniment.

Says Plants Have Brains

Noted Indian Physiologist Has Conducted Many Experiments

Sir Jagadish Chandra Bose, the noted Indian plant physiologist, has perfected a device that, he says, accurately measures the nervous impulses of a plant's fibres. He contends that vegetables feel, react and almost think in the same way as animals, but to a lesser degree. As a result of his experiments, Sir Jagadish asserts, he has become convinced that plants have brains, and that their thought processes can be ascertained.

Ceremony Was Delayed

A new viceroy is always sworn in, on his arrival in India, by the Lord Chief Justice of Bombay. When Lord Reading was sworn in an amusing incident occurred. A New Testament only was provided, so that the proceedings had to be adjourned while an Old Testament was fetched.

Minard's Liniment for Rheumatism

Says Water Will Replace Gasoline

Paris Scientist Working On Discovery For Auto Fuel

The town pump is coming back to usefulness. A Paris scientist is working out a discovery which, if it can be applied, promises to revolutionize economic production for the world. According to the professor, it is a mere matter of time and a question of making the necessary calculations in order to catalyze water and build a water-driven internal combustion engine, or to catalyze any other body to transform the forces produced into energy-driven, productive machinery.

"We shall catalyze water," he says, "and you will have automobiles driven by hydrogen engines. That is a mere matter of time to establish plans. As soon as calculations are made to substitute water for gasoline, France will be freed from foreign bondage for her motive power. Preliminary formulae must be established. They will revolutionize modern industry."—Kingston British Whig.

Canadian Weekly Newspaper Association

Officers Are Elected at Annual Convention Held in Quebec

The seventh annual convention of the Canadian Weekly Newspaper Association was held recently in Quebec. Officers for the coming year were elected as follows:

President, J. A. MacLaren, of the Examiner, Barrie, Ont.

First vice-president, W. S. Wynn, of the Enterprise, Yorkton, Sask.; second vice-president, S. Ainslow, of the Graphic, Campbellton, N.B.

The following were elected as directors of the association: Hugh Savage, Leader, Duncan, B.C.; R. E. White, Sentinel, Kamloops, B.C.; H. C. McCrae, Herald, Hannah, Alta.; L. D. Nesbit, Mail, Bassano, Alta.; James McDonald, Courier, Unity, Sask.; S. J. Dorman, Despatch, Alameda, Sask.; D. C. Dunbar, Mercury, Estevan, Sask.

Wretched from Asthma. Strength of body and vigor of mind are inevitably impaired by the visitations of asthma. Who can live under the cloud of recurring attacks and keep body and mind at their full efficiency? Dr. J. D. Kellogg's Asthma Remedy dissipates the cloud by removing the cause. It does relieve. It does restore the sufferer to normal bodily trim and mental happiness.

Imports More Cream

The United States doubled importations of Canadian cream and fresh milk during May as compared with the previous month. In the past month, according to a report just issued by the Dominion bureau of statistics, 344,009 gallons of cream, worth \$580,810, were exported to the United States as against 153,969 gallons valued at \$252,810 in April.

For Catarrh.—It is one of the chief recommendations of Dr. Thomas' Electric Oil that it can be used internally with as much success as it can outwardly. Sufferers from catarrh will find that the Oil when used according to directions will give prompt relief. Many sufferers from this ailment have found relief in the Oil and have sent testimonials.

A woman always makes up her mind about a thing before she asks a man's advice, and if he happens to agree with her his reputation for wisdom is forever established.

A vegetarian says that his good health is the result of eating no meat and chewing it well.

Best of all Fly Killers—10c and 25c per packet at all Druggists, Grocers and General Stores.

Rhodes Lectureship Announced

The foundation of a new Rhodes memorial lectureship worth about \$500 annually, was announced at the Rhodes dinner by Sir Otto Bell, trustee of the Rhodes trust. The object of the foundation is to bring to Oxford some man or woman of pre-eminent distinction from some other country, particularly the United States, so that special learning may be made available to the university.

DELICATE GIRLS NEED NEW BLOOD

Which Can Be Had Through the Use of Dr. Williams' Pink Pills

Nature intended every girl to be happy, active and healthy. Yet too many of them find their lives saddened by suffering—nearly always because their blood is to blame. All those with colorless cheeks, dull skins and lusterless eyes are in this condition because they have not enough red blood in their veins to keep them well and in the charm of health. They suffer from depressing weariness and periodical headaches. Dark lines form under their eyes, their heart palpitates violently after the slightest exertion, and they are often attacked with fainting spells. These are only a few of the miseries of bloodlessness. When the blood becomes thin and watery it can be enriched through the use of Dr. Williams' Pink Pills and the troubles that come from poor blood disappear. In almost every neighborhood you will find some formerly ailing girl who has a good word to say for this medicine. Among them there is Miss Ida M. Withrow, Harwood Lands, N.S., who says:—"Dr. Williams' Pink Pills did more for me than all the other medicine I took, and I cannot praise them too highly. When I began the use of these pills I was in a terribly run down condition, very thin and very pale. My appetite was gone, and I had a tired, worn out feeling all the time. Doctor's medicine did not seem to improve my condition and I was getting greatly discouraged when a friend advised me to give Dr. Williams' Pink Pills a trial. After some urging I decided to do so. After taking six boxes I felt like a new person. I gained weight, had a good color, and an improved appetite, and the constantly tired feeling that had made me so miserable was gone. I took a few boxes more before I stopped, and by that time I had never felt so well in my life. I shall always feel very grateful to Dr. Williams' Pink Pills and strongly recommend them to those who are run down." You can get these pills from your druggist or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The thing we need most in this life is someone to make us do what we really can do.

Soft corns are difficult to eradicate, but Holloway's Corn Remover will draw them out painlessly.

A good resolution affords the maker great consolation, even though it lasts only five minutes.

Children Cry for

**Fletcher's
CASTORIA**

MOTHER:—Fletcher's Castoria is a pleasant, harmless Substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups, especially prepared for Infants in arms and Children all ages.

To avoid imitations, always look for the signature of *Dr. H. H. Fletcher* Proven directions on each package. Physicians everywhere recommend it.

RAILWAY RATE CASE IS ARGUED BEFORE BOARD

Regina, Sask.—Suggestions for the removal of the alleged discrimination in freight rates favoring Winnipeg over other prairie distributing points was made to the Board of Railway Commissioners by W. H. McEwen, appearing for the province of Saskatchewan on behalf of the boards of trade of Regina, Yorkton and Moose Jaw. The discrimination was said by counsel to exist in the fact that Winnipeg had the full advantage of a fictitious mileage that was assumed between Fort William and Winnipeg, while points beyond the latter city had the advantage only as far as Winnipeg. These rates were calculated on an actual mileage.

The difference, said Mr. McEwen, in filing comparative statements, meant that on goods shipped from Fort William over the C.P.R., Winnipeg had a rate reduction of 23 per cent., while westward this reduction decreased until by the time it got to Qu'Appelle the percentage was down to 12 at Saskatoon it was 10 per cent. and at Calgary 4.4 per cent.

What the province wanted, said Mr. McEwen, was removal of the unjust discrimination. How this was to be accomplished was up to the board, but among the various solutions that might be offered that of removing the fictitious mileage altogether and setting up a new freight rate structure which would divide the advantage equally among all the prairie points seemed to be the most equitable.

Welcomes Famous Flier

New York Gives Tumultuous Greeting to Commander Byrd

New York.—Lt. Commander Richard E. Byrd, Jr., leader of the first expedition to fly over the North Pole, upon his return home received a tumultuous greeting in which representatives of the nation, state and cities joined.

Thousands jammed the waterfront at the Battery and lined the sidewalks of Lower Broadway to catch a glimpse of the polar flier.

Led by two bands, one representing the navy and the other the New York National Guard, the procession started up Broadway.

Prominent among the welcomers were members of Lieutenant-Commander Byrd's own family: His mother, his six-year-old son, Richard, and his wife.

Crowds roared their ovation as the procession moved along the famous thoroughfare at high noon.

Soldiers' Lands Bill

To Provide For Revaluation of Soldier Settlers' Land

Ottawa.—The senate gave third reading to the government's bill to provide for the revaluation of soldier settlers' land.

As the bill now stands soldier settlers will apply to the settlement board for revaluation and if no agreement can be reached the settler can carry an appeal to the exchequer court. The governor-in-council is empowered to make regulations or to modify or dispense with the rules and practice of the exchequer court in order that that body may deal with revaluation cases. The decision of the court will be final.

Resumed Air Mail Service

Man Aged Sixty-eight Substitutes For Regular Pilot

Chicago, Ill.—A 68-year-old aeroplane pilot hopped off from Maywood Field resuming the Chicago and Twin Cities Air Mail Line, which had been disrupted for a day by failure of the regular pilots to report for duty. The aged pilot was Charles Dickinson, contractor, who declared that the temperament of a few youthful pilots could not hold up the air mail to Minneapolis.

Port Arthur, Ont.—The steamer, Glencroft, on its last trip to Port Arthur, lost its anchor and was unable, in spite of diligent search, to recover it. Recently the Glencroft came into port and dropping its new anchor, found it hooked onto the old one, which was thereby recovered.

W. N. U. 1635

Will Fight Miners' Leaders

Lord Birkenhead Charges A. J. Cook With Attempt to Blackmail Society

London.—Following closely upon a decision of the Labor party to offer strenuous opposition to the government's new bills which have as their purpose a re-organization of the mining industry, the Earl of Birkenhead, secretary for India, has delivered a verbal broadside against A. J. Cook, secretary of the miners' federation.

Cook was charged by Lord Birkenhead of aiming at the destruction of the coal mining industry and nationalization of the mines.

Lord Birkenhead said he and his colleagues were fully determined that if they were driven to it by "this attempt to blackmail society by men who declare they have a strangle hold on the vital chords of industry, we shall once again, sorrowfully but resolutely, gird ourselves for a great struggle. We shall not permit the nation to be destroyed."

"We, who have broken down every despot in Europe," Lord Birkenhead added, "will not be broken down by men who take their biddings from a discredited revolutionary junta in the most poverty-stricken country in Europe."

Union Of Municipalities

Swift Current.—Over 100 delegates were in attendance at the Union of Municipalities Association annual convention. Twenty-one years ago the association was created and during the sessions many congratulations were showered on the officers and the membership for the work it has done during its life.

Chief Justice Brown of the Court of King's Bench, the chief speaker at the opening meeting, sounded the keynote of the work of the association when he spoke of the responsibilities of the thousands of men in the province charged with municipal effort and enterprise. He congratulated the municipalities of the province on having a clearing house for opinions and discussions and ventured the opinion that this particular organization and others engaging in municipal work were part of the foundations upon which the province has been sanely and wisely built.

Canada and the League

League of Nations Has Now Cost Canada \$1,500,000

Ottawa.—After stressing the importance and achievements of the League of Nations, Sir George Foster in the senate declared it was the duty of the government to put in the hands of members of parliament each year details of the government's relations with the league. He had informed the senate each year of the league's work, but, said Sir George, the correspondence between the government and Dr. Riddell, liaison officer at Geneva, should be available to parliament.

Senator Casgrain replying said that Canada had spent \$1,500,000 on the League of Nations, and while the League was seven years old, there were more men under arms today than before the Great War. It has not been conducive to peace, he said.

May Be Raised Again

Scarcity of British Ships Affect Rate On Grain Shipments

London.—Rates on grain shipments to the United Kingdom from North and South American Atlantic ports, already increased through the scarcity of British ships in operation owing to the coal mining stoppage, are expected to be boosted again unless there are indications the miners will soon return to work. Rates on shipments from Canada have increased a little less than three cents.

Need More Warships

London.—The defences at Sydney, Melbourne and other Australian ports are inadequate at present, and more cruisers like the two now being built are needed, according to Rear-Admiral P. H. Thompson, a member of the Royal Australian Naval Board, who is now enroute to England.

Rural Credits Bill

Ottawa.—The government's rural credits bill passed the senate committee on banking and commerce, and now stands for third reading in the upper house.

LLOYD GEORGE IS NOT LOOKING FOR LEADERSHIP

London.—Speaking on the "future of liberalism" at a luncheon of the National Liberal Club, former Premier Lloyd George, Liberal parliamentary leader, kept his audience in roars of laughter by humorous sallies and dig at his political opponents.

He declared his ambition was not for leadership, but for service, and added: "At the same time, I do not want to ruffle anybody's feathers, but I want to say quite firmly that I am not going to allow myself to be driven out of the Liberal party."

Alluding to Winston Churchill's recent utterance that Lloyd George's attitude in the general strike marked the beginning of Lloyd George's downward course, the former premier remarked that so far as he could see, the downward course began when he stopped Mr. Churchill's "mad adventures in Russia," and said ironically, "Since then I have touched the depths by mixing with archbishops and such like in suggesting that conciliation was a good thing to settle the general strike."

Winston Churchill retallied later in the evening by rebutting Mr. Lloyd George's allegations of "mad adventure" relative to the allies' support of Kolchak and Denikin—by stating that these promises of support were given by the Supreme War Council of 1919, of which Mr. Lloyd George himself, Woodrow Wilson and M. Clemenceau were the leading members, and he would not rob Mr. Lloyd George of any credit on this score.

Elevators Practically Cleared

Saskatchewan in Good Shape to Handle New Crop

Regina.—Saskatchewan's elevators are now ready to receive in their thousands of bins the fruits of the forthcoming 1926 crop.

Reports incoming at both the Canadian Pacific and Canadian National Railways state that all grain are now practically cleared out and the elevators ready to store up the new crop.

Less than 375,000 bushels of all grains now remain in elevators, many of the points holding less than 200 bushels. Less than 24 cars of grain are being moved each day from the province going east.

Practically no loading is being done at any points despite the fact that the wheat pool cut-off comes into force on July 15, the date on which all 1925 wheat must be in the country elevators and settled for or billed out.

Missing Evangelist Found

Douglas, Ariz.—Positive identification of a woman here as Mrs. Almee Semple McPherson, Los Angeles evangelist who was reported drowned there May 18 last, has been made over the telephone by Mrs. Minnie Kennedy, the evangelist's mother, in conversation with William E. McCafferty, editor of The Despatch.

Western Financing Methods

Municipalities of Western Canada Are Showing the Way to Those of East

Vancouver.—"Municipalities of Western Canada are showing the way to those of Eastern Canada in the handling of their finances," declared C. P. Fell, one of Canada's leading authorities on public financing, on his arrival in Vancouver as a member of the Investment Bankers' Association party, which recently held its annual meeting at Jasper Park.

"In British Columbia in particular," he said, "the municipalities have been reducing their debt in actual amount, and the same is true in Saskatchewan. In Eastern Canada, especially Ontario, the reverse tendency is true."

"The provincial governments of the western provinces have also been showing a healthier tendency in the handling of their finances."

About 100 members of the association are spending several days in Vancouver before the eastern members return home. A few of their number, including President R. H. Daly, went north to Alaska from Prince Rupert.

To Settle Vacant Lands

Hudson's Bay Company Will Formulate Immigration Policy

Victoria, B.C.—The Hudson's Bay Company, which owns vast tracts of land throughout Western Canada, is gathering material on which to formulate an immigration and settlement policy, it became known here, with the arrival of J. McWhirter, of the company's London, England, office, to confer with E. H. Wilson, land commissioner of the company.

McWhirter explained that the vast possibilities of bringing out settlers from the crowded parts of the British Isles and settling them on the idle lands of Canada were under consideration. He said his present trip was for the purpose of gathering information.

Locarno Peace Pact

London is Interested in the Canadian Viewpoint

London.—The debate on the Locarno peace pact in the Canadian House of Commons, in connection with Premier Mackenzie King's motion that parliament must pass on treaties before they are ratified by the cabinet, aroused much interest here.

The Express declares that a useful purpose would be served if all the parliaments of the empire, including the British House of Commons, followed Canada's example in face of the obligations involved.

B.C. Lumbermen's Wage

Vancouver.—Effective November 1, all men engaged in the lumber industry of British Columbia will receive a minimum wage of 40 cents an hour, according to an announcement made by the board charged with administration of the new minimum wage act.

Approximately 40,000 persons are employed in these operations.

NEARING END OF THE COAL STRIKE IN GREAT BRITAIN

London.—Indications of early negotiations for coal peace were seen in the announcement by Prime Minister Baldwin of postponement for a week of action on the bill authorizing eight hours of work in the mines. Meanwhile the bill for the re-organization of the mines is being pushed. It is said to be the result of a bargain between the Laborites and Premier Baldwin.

If Labor is satisfied with the re-organization plans, it may not be necessary to proceed with the eight-hour bill, as miners may agree to accept a small reduction in wages for a period rather than an increase in hours.

Herbert Smith, president of the miners' federation, in speeches recently declared a wage reduction to be better than an increase of hours.

Secretary Cook, of the miners' federation, is still asserting "not a penny off; not a minute added," but there are strong indications that the miners are getting tired of Cook, and it is freely predicted in labor circles that as soon as the strike is over he will lose his job.

The principal feature of the miners' re-organization bill is amalgamation of the mines.

Compromise On New Flag

South African Government Likely to Accept Suggestion of Labor Party

Capetown, South Africa.—The controversy over the government's proposed new South African flag, the design of which would have excluded the Union Jack, has assumed a new aspect.

The national council of the Labor party a few days ago passed a resolution that there should be equal official recognition of two flags, one a symbol of the empire and the other a symbol of South Africa nationality.

A deputation from the council has now interviewed Hon. Tielman Roos, minister of justice, and the executive of the Nationalist party at Pretoria. The latter have expressed complete satisfaction with the Labor party council's resolution, and moreover have pledged the full support of the Nationalist party to this resolution.

As it is by means of a pact between the Nationalist and Labor parties that the government of Premier Hertzog is in power, the government may accept this compromise.

Prince Celebrates Birthday

Heir Apparent Receives Messages of Congratulation From All Parts of the World

London.—June 23 was the Prince of Wales' thirty-second birthday and flags were flying throughout the country in his honor. The bunting displays were particularly brilliant in the west end of London. For days the heir apparent was inundated with messages of congratulation from all parts of the world. He had luncheon with the other members of the royal family at Buckingham Palace and a private dinner party for close friends at his own home, York House, St. James' Palace.

Discuss Red Lake Railway

Bill Granting Charter to Private Company Fails to Pass Committee Stage

Ottawa.—For a third time the bill to incorporate the Red Lake and North Western Railway has been "talked out" in the house.

Twice a week the first hour after dinner recess is devoted to private bills by routine. At nine o'clock, the house resumes the order of the day automatically. The Red Lake Bill, which would give a charter to a private company to build a road into that mining district, had failed to pass committee stage twice.

Is Appointed Chairman

Ottawa.—The minister of labor has appointed Mr. Justice Lamont, of the Saskatchewan Court of Appeals, to be chairman of the Board of Conciliation in the Winnipeg electric dispute. The other members of the board are F. Dixon, of Winnipeg, representing the employees, and J. B. Coyne, of Winnipeg, representing the company.

British Rotarians for Denver Convention

Above is a party of British Rotarians on their way to the International Rotary Convention to be held at Denver, June 13 to 20. Front row seated are: C. White, President of the Rotarians, Belfast; J. E. Appleyard, Leeds; H. Winneott, Plymouth; J. E. Webb, Truro; L. F. King, Bournemouth. Ladies are: Mrs. C. White, Mrs. Appleyard, Mrs. Webb, Mrs. Smith, Miss Coghill, Mrs. Kingston. Back row: J. Smith, Liverpool; W. Curdy, Dublin; C. Kingston, Dublin; J. Riddell, Doncaster; Edward Willens, Brussels; G. Charlesworth, Doncaster; W. Webber, Plymouth. Seated at back of group is George Woodward, Chief Officer of the Canadian Pacific liner Montclare.

On their return from the convention this party will travel through Canada via Canadian Pacific lines, stopping at Winnipeg, Toronto and other cities.

The Didsbury Pioneer

Local and General.

Westerdale annual picnic on
July 14th. Everybody welcome.
Mrs. Arlenndson and family
left this week for their new re-
sidence in Calgary.

Mr and Mrs. W. A. Miller of
Pennant, Sask., are here this
week for the Evangelical con-
vention.

A dance will take place at
C. H. Rinehart's barn on July 9th.
Gazeley's four piece orchestra
from Crossfield.

Westerdale has arranged a
very original program of sports
for July 29th, and lots of fun is
assured. Keep the date in mind.

A heavy thunderstorm broke
over the town and district yester-
day (Wednesday) accompanied
by a big downpour of rain. Hail
is reported from the country.

The Women's Institute will
meet at the home of Mrs. John
Metzgar's, Friday July 2nd, at
2.30. All members and visitors
are requested to be present.

Dr. Evans left on Wednesday
for the east and will visit various
points ere returning to Didsbury.
He expects to be gone about a
month.

A lecture will be held at the
Westerdale United Church, Mon-
day, July 5th, at 8.30 p.m. Ann-
iversary service Sunday, July 4th,
at 11 o'clock at 8 a.m. Rev.
Churchill of Red Deer will give
the address.

It is understood that Miss
Mitchell, Miss Joyce and Miss
Martin have resigned from the

public school. Mr. Liesemer
will carry on in the high school
next term with the co-operation
of Mr. Crum, who resigns from
the public school.

A note was pushed under our
office door yesterday stating
that "Marie was out joy-riding
with Bert last Sunday. Hearts
are easily caught in the rebound."
We don't know to whom it refers.
Perhaps Marie or Bert will en-
lighten us.

A meeting of the Didsbury
Live Stock Marketing Association
was held yesterday (Wednesday)
with a fair number of members
in attendance. Three districts
selected W. McCoy, T. Byrt, and
Wm. Davies as their directors.
Four other directors retain
office subject to approval of local
district meeting. The auditors
report disclosed a very satis-
factory state of affairs. A meet-
ing, with W. McCoy as chairman,
was subsequently held, and an
address on pool matters was given
by A. B. Claypool.

Those acquainted with L. B.
Fulkerth's ambition in raising
thorough-bred Clyde horses, will
be interested to hear that he re-
cently brought up from Brandon
a thoroughbred Clyde stallion.
This horse was imported a short
time ago from Scotland and comes
of a pedigree which includes many
notable prize-winners. His dam
(Harviestown Nellie) was never
beaten in her class, and for three
years was first at Kilmarnock.

Mr. Fulkerth's horse, Dunmore
Quality, will be a distinct acqui-
sition to the district, and he is to be
congratulated on his valuable
purchase.

U.F.A. Government Returned.

The result of the Provincial
elections on Monday show that
the U.F.A. government has been
returned by a large majority.

Yesterday (Wednesday) the
various parties had elected can-
didates as follows:—

Provincial Summary

Farmers	35
Liberals	4
Conservatives	4
Labor	4
Ind. Labor	1
Doubtful	12

Total

Twelve ridings were still in
doubt on Wednesday morning in
five of which Farmers were lead-
ing. Liberals were leading in

six of these ridings.

A. B. Claypool, U.F.A. candi-
date for the Didsbury riding as
was generally expected, was elect-
ed by an overwhelming majority,
his election being conceded on
the first count. His total vote
polled was 2,243. The Liberal
candidate, McDonald, polled 891,
and Williams, Conservative, 835.

We hope to give the complete
polls in the Didsbury constituency
in our next issue.

Red Deer—Smith (U.F.A.),
1,449; Payne (Cons.), 1,326;
Gaetz (Lib.), 620.

Innisfail (complete).—Cameron
(U.F.A.), 1,175; Morekberg
(Lib.), 869; McLean (Cons.) 805.

Olds, 34 out of 35 polls—Smith
(U.F.A.), 1,625; Cook (Lib.)
713; Walpley (Cons.), 371.

STRAYED

Three work horses—one buck-
skin gelding, white face and white
feet. One bay gelding, white
face and feet. One brown mare
All branded E on right thigh.
\$5.00 reward for recovery. Ad-
dress—A. R. McNaughton, Dids-
bury. Phone 1604 or 78.

DON'T FAIL TO HEAR.

At Elkton Schoolhouse.

Sunday, July 4th, at 3.30 p.m.

Dr. Litch was at one time
pastor of First Baptist church,
Calgary, and is now Superintend-
ent of Baptist Missions in Alberta
and B.C. He is a speaker of
outstanding ability and one whom
you will thoroughly enjoy hear-
ing.

At Westcott Baptist Church

Sunday, July 4th, at 8 p.m.
Thursday, July 8th, at 8 p.m.
Friday, July 9th, at 8 p.m.

EVERYBODY WELCOME.

SWEEPING REDUCTIONS IN FORD PRICES.

Coincident with the reduction in the price of Ford
cars and trucks in the United States, the Ford Motor
Company of Canada Limited, announces the follow-
ing prices, effective June 19.

In addition to these drastic reductions, all models
quoted below, except the truck, are now standard
equipped with self-starter and balloon tires.

Model	New Price	Savings
Runabout.....	\$460	\$50
Touring Car.....	480	50
Sport Roadster.....	555	40
Coupe	610	50
Tudor	625	60
Fordor	690	55
Chassis	370	40
Light Delivery	470	60
Light Delivery Van	525	50
Truck, non-starter	395	50
Truck, self-starter	460	65

Above prices at factory. Freight to point of delivery and
Sales Tax extra.

These reductions are made absolutely without sacrifice
to the traditional quality and durability of Ford pro-
ducts. They open the way to car ownership to thou-
sands of Canadians who have not previously been
afforded the comfort and economy of personal trans-
portation.

See your local authorized Ford dealer to-day. He will gladly
demonstrate the model you are interested in and explain convenient
terms of purchase.

TO THE ELECTORS OF THE DIDSBURY CON- STITUENCY.

I desire to extend my heartiest thanks to my friends in Didsbury and surrounding district for the splendid support and active assistance given me on Monday in the Provincial elections. The large vote polled for me, I take it, is an indication of approval of the policy of the government, and I can only add that if efforts of mine in the past have given satisfaction, my work in your behalf in the future will, I trust, meet with your continued approval. With best thanks and hearty appreciation of your support,
I am, yours truly,
A. B. Claypool.

WORLD HAPPENINGS BRIEFLY TOLD

A government decree is to be issued in Spain shortly fixing a minimum wage scale and maximum hours of work for maid and man servants.

The House of Commons gave third reading to a senate bill amending the Canada Evidence Act as respects bank books and records.

Most of the contents of Queen Alexandra's private rooms at Marlborough House have been distributed to charitable institutions in accordance with the late Queen's wish.

Dr. W. W. Yen, premier of the Peking Government which was formed on May 13, 1926, has resigned. Admiral Tu Hsi-Wei, minister of the navy, has been appointed premier pro tem.

A tablet in the town hall at Saint Nazaire, France, commemorating the landing of the first Canadian troops in the war, was unveiled by Philippe Roy, Canadian commissioner general in Paris.

To encourage the mechanical development of agriculture and to further the use of German agricultural machinery, a trade combination of 4,000 factories has been perfected in Germany.

Major D. R. MacLaren, with one passenger and a full allotment of equipment, attained an altitude of 10,000 feet in a Curtiss H.S. 20 type of flying boat at Vancouver. This is believed to be a Canadian record for this type of craft.

Farmers of the Clogher Valley of Ireland have registered complaint that installation of the first telephones in this district was interfering with their use of the telegraph, which has been their only means of rapid communication for many years.

Joseph L. (Ben) Hursell, 78, one of Steele's scouts in the '85 Rebellion, and for 27 years fur trader at Fort Fitzgerald, was buried at Saskatoon, June 20. In 1878 he journeyed from Winnipeg to the Rocky Mountains in a cart, and started ranching there.

A charge of fraud against Herr Jolly, professional faster of Berlin, after police had satisfied themselves that cigarettes made of chocolate were handed to him nightly by an accomplice while he was engaged in one of his public fasts.

Women are naturally foolish; they are more afraid of mice than they are of men.

HAD TO TIE CHILD'S HANDS

Eczema on Head Itched Badly. Cuticura Healed.

"Eczema broke out in pimples on my little girl's head. It itched badly and she scratched causing sore eruptions. Her hair fell out and she was very fretful. We had to tie her hands to keep her from scratching, and she could not sleep. We had her treated but the trouble kept getting worse.

"We began using Cuticura Soap and Ointment and in a short time could see an improvement. We continued the treatment and in less than six weeks she was healed." (Signed) Mrs. A. G. Awcock, 706 Notre Dame Ave., Winnipeg, Man.

Cuticura Talcum is cooling, soothing and comforting to tender, aching, burning feet.

Sample Each Free by Mail. Address Canadian Depot: "Cuticura Ltd., Montreal." Price, Soap 25c, Ointment 25c and Talcum 25c. Cuticura Shaving Stick 25c.

"IDEAL Fashions"
by Jean Della Hamilton

Reflecting the New Mode in Fabric and Design

The beauty of printed silks is of great attraction in the new models. Cut with round neck and fastening at the side front, this charming frock developed in printed silk, displays a long panel and the belt of plain material. There are tucks at the shoulders, and double inverted plaits at the side seams flare out, emphasizing the silhouette of motion. The long full sleeves are gathered into little bands at the wrist. No. 1311 is for misses and small women, and is in sizes 16, 18 and 20 years, or (34, 36 and 38 inches bust only). Size 18 years (36 bust) requires 4 1/2 yards 39-inch material. Price 20 cents.

Every woman's desire is to achieve that smart different appearance which draws favorable comment from the observing public. The designs illustrated in our new Fashion Book are originated in the heart of the style centres and will help you to acquire that much desired air of individuality. Price of the book 10 cents the copy.

SUNDAY SCHOOL LESSON

JULY 4

EARLY LEADERS OF ISRAEL: FROM MOSES TO SAMUEL

Golden Text: Jehovah will not cast off his people. Psalm 94:14.

Lesson: Exodus 1:1-14.

Devotional Reading: Psalm 94:10,17.

Explanations and Comments

The Reason For the Oppression of the Israelites, verses 8-10.—"Not to know one" means in oriental language not to acknowledge his authority or influence. Several centuries had passed since the death of Joseph, and a new Pharaoh is on the throne in Egypt, who, although he may have heard about Joseph and his services to Egypt during the years of famine, feels no obligation to spare his descendants because of those services.

The new Pharaoh, who is believed to have been Rameses II., said to his people, "Behold, the people of the children of Israel are more and mightier than we." This is a greatly exaggerated assertion. The marginal rendering is, "The people of the children of Israel are too many and too mighty for us," that is, for our future welfare.

"It is by such exaggerations and alarms that all the worst crimes of statesmen have been justified to consenting peoples. And we, when we carry what seems to us a rightful object by inflaming the prejudice and misleading the judgment of other men, are moving on the same treacherous and slippery inclines." (Dr. A. Chadwick).

Airship's World Flight

Proposal to Make a Non-Stop Flight Around the World in Dirigible

A vast airship is being partly constructed at the Zeppelin works at Friedrichshafen, with which it is proposed to make a non-stop flight round the world. She is designed to carry an immense load of fuel. Starting from the airship base at Seville, Spain, she will head out across the Atlantic, ascending until she is in a westerly air-stream. When Central America is reached the airship will seek suitable currents for her crossing of the Pacific, after which it will be the aim to manoeuvre into an air-trend from the east, and so regain the starting point in Spain.

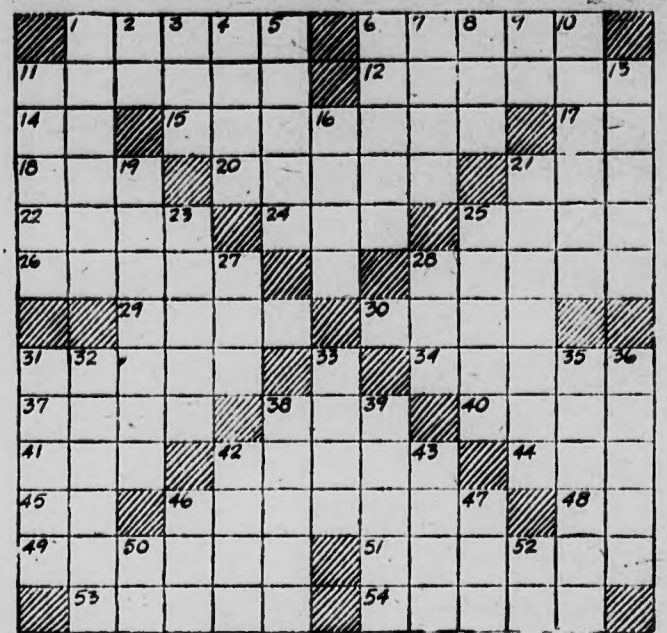

Running her engines at moderate speed, so as to economize fuel, and profiting wherever possible by favoring winds, it is calculated that the non-stop world flight will be accomplished in about 22 days. If the airship now being built is to be German-owned, it should be noted that ever since the peace, German aircraft construction has been restricted by allied regulations, which seriously increase the difficulty of building an airship capable of such a flight. A conference is in progress in Paris for the abolition or modification of these restrictions.

Signs of Winter

"How do you know when winter is near?" asked the teacher.

"Please," answered little Harry at the bottom of the class, "it begins to get late earlier."

OUR CROSSWORD PUZZLE

Horizontal

- 1—Hard colored substance found in the sea.
- 6—Put to death.
- 11—To move spirally.
- 12—Perceived the flavor of.
- 14—Preposition.
- 15—Wild, romping girls.
- 17—Toward.
- 18—The border or margin of a thing.
- 20—Posts.
- 21—Pertaining to thee.
- 22—To examine carefully.
- 24—Born.
- 25—A woody, branched plant.
- 26—A written composition.
- 28—Vessel in which butter is made.
- 29—A country in Asia.
- 30—A thick string.
- 31—To glow or shine.

Vertical

- 1—Morose people.
- 2—Either.
- 3—Rodent.
- 4—A minute particle.
- 5—A sweetheart.
- 6—A long scarf worn by a priest.
- 7—Sets down.
- 8—Beast of burden.
- 9—Neuter pronoun.
- 10—Lower; internal.
- 11—Thick, prickly shrub.
- 13—A dean.
- 16—A funeral carriage.
- 19—One who massages.
- 21—Masses heavily.
- 23—A water nymph.
- 25—Hurled; sung.
- 27—A tropical potato.
- 28—Modest; shy.
- 31—Viscous, transparent substance.
- 32—To delay, or linger.
- 33—Fish.
- 35—Containing grease.
- 36—Chairs, benches.
- 38—A desert animal.
- 39—Rule, supreme power.

- 43—Accomplished.
- 46—The highest part.
- 47—Recent, modern.
- 50—Personal pronoun.
- 52—Part of verb "to be."

Should Show Courtesy

American Tourists Fail to Display Canadian Flags On Cars

"The people of Canada desire to welcome motor tourists from the United States in the most cordial manner, but these visitors would greatly help to create a friendly atmosphere for themselves if they would show a sense of courtesy in displaying Canadian flags on their cars. They exact the most punctilious observance of this rule from visitors to their country, and they ought to be prompt to recognize the same amenity when they come to Canada. Courtesy in such things is a mark of good breeding as well as of international good will."—Brantford Examiner.

New Turbine Engine Invented

Driven By Dynamos and Uses an Inexhaustible Fuel

A new principle turbine type engine which can propel a vehicle 500 miles at the cost of \$2 has been invented, claims F. J. Taylor, 21-year-old physics students of Toronto. Taylor says his invention is driven by dynamos and uses an inexhaustible fuel, the nature of which he refuses to divulge at present. It will develop ninety horsepower with only half the number of the ordinary motor's revolutions, he declares, and will also do away with the danger of carbon monoxide poisoning.

A Tribute To Britain

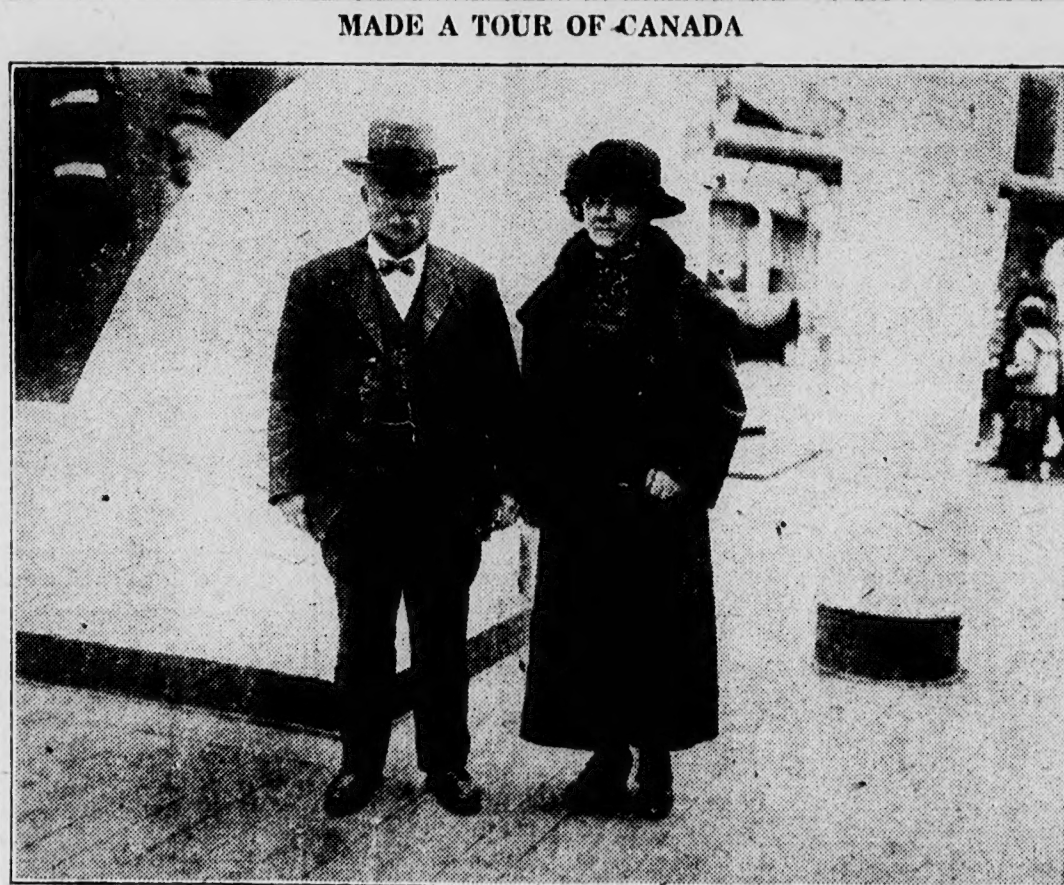

Has Learned Problem of Just Dealing Says Rabbi

That was a fine tribute paid by Dr. Wise, Rabbi of the New York Free Synagogue, to Great Britain at the Kiwanis convention when he said: "There is not a nationality, a religion, a tongue, a race on earth representatives of which are not to be found within the British Commonwealth. As a student of life and history, I say to you that Great Britain has learned the problem of dealing justly with all its peoples and faiths and races and tongues as no other people have done up to this time."—Kingston Standard.

A Boy Artist Of France

Youngest Exhibitor In Paris Salon Only Thirteen Years Old

The youngest painter with a picture in this year's Paris Salon is Tony Ricou, the thirteen-year-old son of M. Georges Ricou, director of the Opera Comique in Paris. Tony is still attending high school and does his painting on Sunday and Thursday, the days there is no school in France. He sent in two pictures and the National Society of Fine Arts accepted one, a still life, showing a bowl of fruit on a table.

Ex Mayor Wm. Roberts, of Cardiff, Wales, who, accompanied by Mrs. Roberts, made a tour of Canada recently, as they appeared on the Cunarder Aurania on the return journey to Liverpool

LOOK. LOOK. LOOK

Thanks to the many who have already placed their Hail Insurance in our hands. We know there are quite a number yet to be insured who have been waiting development of their crops, which now have a very promising appearance on account of heavy rains received throughout the district.

Let us cover your crops with a reliable Hail Insurance Policy. We have reliable companies who will pay your hail loss promptly, and after receiving your hail loss from us, should all or any portion of your grain be of inferior or mixed grade we have a market for any quantity at a premium. We are out to give our Policy-holders unequalled service this year.

KEEP THE DATE OPEN.**

Church Announcements

EVANGELICAL NOTES.

Notice—last call to the Ministerial and Christian Workers' Convention, July 2, 3, and 4. Bishop M. T. Maze, D.D., Harrisburg, Pa., will be the main speaker. The convention will begin with a Ministerial meeting on Friday, 10 a.m. At 2 p.m., both Friday and Saturday, topics will be given by different ones of the visiting ministers on a variety of subjects. Special addresses will be given each evening and the one assigned for Saturday evening will be especially helpful to young people. Sunday, 10.00 a.m., will be a Communion service. Service by Bishop Maze; 11.30 a.m., regular S.S. session; 2.30 p.m., ordination service, followed by a missionary address—the Bishop and presiding Elder in charge. At this service two junior preachers will be ordained and advanced to Elder's orders in the Christian ministry. 7.30 p.m. will be the closing session of the convention, evangelistic in spirit. Sermon by the Bishop and special singing by the choir at all the evening services.

For inspiration, education and elevation in your Christian life, come to this convention. Don't miss a service

KNOX UNITED CHURCH

Preparatory Service will be observed Friday of this week at 8 p.m. Sunday at the close of the evening service the sacrament of the Lord's Supper will be dispensed. Communion will also be held at Westcott Sunday morning.

It Costs Less to Own a Better McLaughlin-Buick

FUEL—less than most cars

Gasoline, lubrication, water and fair treatment are all the Better McLaughlin-Buick needs to deliver its mileage at astonishingly low cost

The Valve-in-Head Engine, as McLaughlin-Buick builds it, develops more power from a given quantity of gasoline. McLaughlin-Buick Automatic Heat-Control, an integral part of the Mc-

OIL—less than most cars

Laughlin-Buick carburetor, still further aids fuel economy, by super-efficient carburetion.

In no other car, regardless of price, will you find the completeness of protection for performance afforded by the McLaughlin-Buick "Sealed Chassis" and "Triple-Sealed Engine." Dirt cannot get in, anywhere, to cause wear, looseness and vibration.

WATER—less than most cars

To know what motor car economy really is, for finer transportation at lower cost, own a Better McLaughlin-Buick.

U-1210

The new, low GMAC financing rates are available to purchasers of McLaughlin-Buick, on time.

The Better McLaughlin-Buick leads in registration all cars in its price range.
